Pain Medicine Symposium 2015
Evolving Advanced Pain Therapies
November 6–8, 2015
Hyatt Regency on the Hudson
Jersey City, New Jersey

Join us at the NY & NJSIPP 2015 Pain Medicine Symposium where our renowned faculty will present the most current information on cutting edge, clinical pain management topics.

COURSE DIRECTORS
Sudhir Diwan, MD
Peter Staats, MD
NYSIPP
NJSIPP

Dynamic session themes for this year’s meeting include:

- Advanced Neuromodulation
- Regenerative Therapy in the 21st Century
- Intradiscal Procedures
- Radiofrequency Neurolysis
- Opioids: Still an integral part of pain therapy
- Vertebral Augmentation and Sacral Fusion
- The Business of Interventional Pain Practice

For the complete agenda and more information go to: www.NYSIPP.org

Register Today! www.NYSIPP.org
Also, in 2015, join us for a full day, 6 hour CME Opiate Utilization Course, on Saturday November 7, 2015, “The Good, The Bad and the Ugly Sides of Opiate Utilization.” This course is a perfect introduction to pain management for the practitioner prescribing opiate medications for pain in their practice.

The 2015 course will also hold a 9 station hands on cadaver course on Sunday, November 8 AS WELL AS a separate Ultrasound Course for Interventional Pain Management Physicians.

Fellows and Residents will want to participate in the Thursday, November 5, 2015 Fellows and Residents course as well as the entirely separate, Fellows and Resident’s hands on cadaver course on Sunday, November 8.

Our Educational Program:

Statement of need: Pain management and Interventional pain management are quickly growing fields in medicine. Emerging science and treatment options for patient care are growing rapidly and it is important for clinicians specializing in this field of medicine to know, understand and evaluate available options to be able to continue to provide the best treatment options and quality of care for patients. Additionally, this field of medicine is subject to higher than normal scrutiny, liability and litigiousness stemming from alleged over treatment and under treatment of care. It is vitally important for clinicians to understand best practices and practice guidelines to insure that they are offering the best care, and remaining in compliance to lessen exposure and liability.

Format will include individual lectures, hands on lab/workshops and panel discussions.

Program Goal and Objectives:

The goal of this activity is to disseminate best practices in the assessment, diagnosis, treatment and management of patients with pain.

At the completion of this activity, participants should be better prepared to:

• Recognize and evaluate pain, description of pain, and pain markers
• Interpret new Federal Regulations to assist in implementing standards of care and to assist in patient compliance
• Achieve a greater understanding of best practices and available guidelines on new techniques, agents and therapies for patients.

Accreditation

The International Institute for Continuing Medical Education, Inc. is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation:

The International Institute for Continuing Medical Education, Inc., designates this live activity for a maximum of 24 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Policy:

iiCME adheres to the ACCME’s New Standards for Commercial Support. Any individuals in a position to control the content of a CME activity, including faculty, planners and managers, are required to disclose all financial relationships with commercial interests. All identified potential conflicts of interest are thoroughly vetted by iiCME for fair balance and scientific objectivity and to ensure appropriateness of patient care recommendations.

All faculty are also required to indicate any discussion on products that are unlabeled or for investigational use. All educational grants will be acknowledged on the day of the symposium.
